- The SAT is a standardized entrance exam that has generally been used to determine college admission eligibility. The PSAT is a "preliminary" version.
- This past spring, UC and CSU colleges announced that they will no longer require SAT scores for college admissions. However, since SAT scores may continue to be used by private colleges, out-of-state colleges, some scholarships, and the military, Central High School will offer opportunities for students to take the PSAT and SAT exams this year.
